

Solar permit application procedure:

1. Complete the Multi-Use permit application.
2. Submit two sets of plans sealed by a Missouri Design Professional. (One set is returned with permit upon approval)
3. Structural analysis is required for all roof mounted solar plans.

Fees:

\$200.00

(If more than two trips for the same inspection are required, a \$50.00 fee per each subsequent inspection will be required.)

If there are any further questions, please contact the office at 636-583-6384.

Thank you,

Franklin County Building Department
